ezoBord impact resistant Tac Panels are the new evolution in tackboard, enhancing speech intelligibility to make every classroom and office a better place to learn and work in.

**Lightweight ezoBord Tac Panels are the new evolution tackboard for any and all educational spaces.**

Bring color and texture into educational and office areas that work double duty - providing both a high impact resistance tackable surface and great acoustical absorption. Unlike conventional cork tack boards, ezoBord Tac Panels require no metal edge treatments, never have to be painted and can be easily cut to any size and shape right on site.

Made with recycled plastic water bottles.
